

ALTITUDE

SKI MAP

Ski-Out

There are two ski-out options (depending on where your unit is). You can head to the East end of the complex and enter the groomed trail opposite the stone 'Altitude' sign. Ski down the groomed trail and it will take you to the Orient or Morrissey chairlifts. Alternatively, you can head to the west end of the complex and ski down under the Orient lift line to the Orient or Morrissey lifts.

Ski-In

Take the run 'East Village Ski Way' from the Sundance or Orient Chairlifts, until you come to a sharp right turn for the run 'Orient Return'. Turn right onto 'Orient Return' and follow that run until you see a sign on your left for Altitude Complex, turn left onto that trail and it will lead you to the complex.
