Ski-In

Head to the rear of the complex, and in the rear East (opposite direction of the village) corner you will find a small path that leads to the Valley Trail. Follow the Valley Trail until you reach the 'Mount Morrissey Connector'. Continue on this run, and once you have skied under the bridge you will be at the Orient Lift.

There are two routes from the 'Mnt Morrissey Connector' that lead to the complex. Take the connector run and turn right onto the trail 'To Sundance Estates'. Follow it around until you reach the road, cross Sun Peaks Road and enter Crystal Forest. OR you can follow the connector run until the next right hand turn, take that right turn and follow it down until you reach the Valley trail. You will then need to take a right onto the Valley Trail and Crystal Forest will be ahead on your left.
