

STONES THROW

SKI MAP

Ski-Out

Ski-In

Walk to the West end of the Stones Throw Complex (towards village). At the edge of the complex you will connect to the golf course. Follow the groomed trail across the golf course and under the Orient Chair. From there, continue down to the Morrissey or Orient Lifts.

Take the 'East Village Ski Way' (from the Orient or Sundance Chairlifts), until you see a sharp right turn for 'Orient Return'. Take the right turn onto the run 'Orient Return' and keep following until you reach the Orient Chair Lift line. At the lift line turn left and you will ski down across the golf course until you reach your complex on your left.

Please note: The above ski in instructions are for a beginner ability, if confident on blue runs, you can take Fair Dinkum or Hasta La Vista (the run directly under the Orient Chairlift) from the Orient Chairlift, and your complex will be on your left side.
