Ski-Out

Ski-In

Head to the East end of the complex (away from Village), cross the Valley Trail and you will connect onto the 'Mount Morrissey Connector'. Ski down under the Orient Chair lift line on the 'Mount Morrissey Connector' and you will be able to take the Orient or Morrissey Chairlift.

From the Sundance Chair take 'Rambler', keep an eye out for 'Mount Morrissey Connector' on your left. Take the left turn onto the 'Mount Morrissey Connector' and follow the run until you reach a path on your right. The path will be just before the run curves heavily right and goes under the Orient Lift line, take a right onto this trail and you will come to the back of your complex. (This is a trail with no sign, however, it is the first trail on your right after the 'To Sundance Estates' trail)
