

VILLAGE WALK

SKI MAP

Ski-Out

Leave the building and turn left, walk until you have reached the top of the village stroll. Put your skis on and ski down through the village stroll (weather depending). When you come to the clock tower, keep right and you will follow down to multiple different lift options.

Ski-In

Take 'Gentle Giant' until you see a left turn with a sign saying to "Village Restaurants & Shops". Turn left onto the "Village Restaurants & Shops" trail until you reach the road crossing. Turn left at the road crossing and continue on the sidewalk until you reach Village Walk on your right.

To get to 'Gentle Giant' you can take the platter lift up and turn right when getting off the Plattter lift, or, you can take the run 'Rambler' down (from Sundance Lift) and once you arrive to the platter lift, turn left to be on Gentle Giant.
